Type

Dorms

Sleeps

110 Indoors

Location

150kms from
Adelaide

Arura @ Port Hughes, Yorke Peninsula

Arura Group Stays is 4 kilometres from the heritage town of Moonta and an easy walk to the Port Hughes beach & jetty. Your group has exclusive use of whole site. Wheelchair users can enjoy access to the majority of the campsite's facilities and amenities, enabling a more inclusive experience. There is a large open grassed area enclosed by buildings on 3 sides and a large activities shed with space for indoor activities and sports.

On-Site Facilities

- Kitchen/Dining Areas
- Outdoor BBQ Alfresco Area
- Activity Shed, Volleyball Court
- Fire Pit
- Wood Fired Pizza Oven

Site Plan - Arura @ Port Hughes

Book
 Pack of cards or small games e.g. UNO

IMPORTANT NOTES

- All medications MUST be handed to the assigned teacher, clearly labelled. Medicines must not be packed in bags or suitcase.
- Please clearly label ALL items.
- Food is only to be consumed in designated dining areas. Please do not bring or eat food in cabins, tents, or activity areas.

Campsite Risk Assessment

Hazard Identification	Controls and Management	Assessment
Emergency Management	- Emergency procedures are reviewed with Lead Teacher and Emergency Information is displayed in each building. - Emergency procedures are explained to all participants during the introduction talk. - The Emergency Assembly Areas are identified with signages and are identified with participants during site walk on day one of camp. - In the event of an emergency the group is checked against participant list at emergency assembly area.	Low Risk
Injury caused by encounter with wildlife such as snake, bee/ant sting	- Groups are to be briefed that snakes have occasionally been seen around the site and at the nearby beach during warm weather and what to do should they encounter one. - Medical attention is available within 30 minutes. - Participants with severe allergies to bites/stings are clearly identified by the school and appropriate medication/action plan is in place and readily available.	Medium Risk
Slips trips and falls	- Grounds and buildings are adequately maintained to reduce potential hazards. - There is adequate external lighting at night to walk between buildings. - Spills & breakages will be cleaned up and wiped or mopped up immediately. - Identify and remove any hazards/risks as soon as possible in consultation with Active Education Staff and Campsite Staff.	Low Risk
Injury during non-programmed time	- Active Education staff and School Staff provide students with clear details of areas for supervised free time upon arrival on Day 1 of camp. - School Staff must always provide supervision during non-programmed time. - The Oval and Recreation Shed is maintained and inspected and maintained regularly by campsite.	Low Risk
Injury in dorms such as falling from top bunks	- Bunks built to comply with Australian design standards (4220-2010). - Children under six years must not use top bunks. Parents give written consent for 6-8 year-old children to sleep on top bunks. - Expectations for behaviour in dorms are explicitly outlined on Day 1 of camp. Students are not permitted to use dorms as a play space in free time.	Low Risk

Campsite Risk Assessment cont...

Hazard Identification	Controls and Management	Assessment
Issues overnight such as an emergency situation, water or electricity supply, intruder on site etc	• Group Leader is shown emergency procedures by Active Education camp coordinator on Day One. • Emergency numbers and information are prominently displayed in each building. • Group Leader to contact Campsite Manager in the event of site issues with water, electricity, sewage etc. • School Staff oversee evening activities and supervision. • Catering staff will demonstrate to School Staff the safe procedures for providing supper. • Campfire instructions provided including how to use fire hose. • First aid and medication is the primary responsibility of the Group Leader on camp. • School groups must have a vehicle available for emergency use.	Low Risk
Campfire injuries directly or indirectly (food, sticks, camping utensils).	• Campfires can only occur in designated campfire pit. • Active Education and School Staff brief students on rules and behaviour during campfire activity. • Active Education and School Staff closely monitor student behaviour and safety around campfire. • Active Education and School Staff are shown how to use fire extinguishing equipment provided by the campsite adjacent to the campfire area. • An Active Education Staff or School Staff Member must always be in attendance to monitor the fire. • Active Education Staff and School Staff are shown how to use fire extinguishing equipment provided by the campsite adjacent to the campfire area, and the fire must be fully extinguished at the end of the activity.	Low Risk
Pizza oven injuries such as burns	• Campsite Staff to maintain the pizza oven so that it is operating safely and efficiently. • Safe Operating Procedure for using the pizza oven is followed including using the correct tools (long handled pizza peel) and PPE (oven mitts). • Active Education and School Staff to brief students on rules and behaviour during pizza oven activity. • Fire extinguisher is nearby and easily accessible.	Low Risk

Campsite Risk Assessment cont...

Hazard Identification	Controls and Management	Assessment
Participants injured by vehicles on the campsite	All vehicles must be parked in designated areas.	Low Risk
Injuries caused by - tables - chairs - hot water urn in Dining & Activity Hall	- Lifting of tables should be done by 2 people per table and make staff/students aware of pinch points when opening legs, and adult supervision is needed when putting tables away on trolley due to risk of tables falling. - Chairs are to be stacked no higher than 5 otherwise they can fall over. Stacked chairs are to be moved using a sack trolley where possible with two people. - Hot water units e.g. urns are to be placed in low use areas away from the table edges and out of reach from students to prevent burns.	Low Risk

For the full Risk Assessment please contact Active Education at bookings@activeed.com.au

Emergency Management Plan

1. Provide immediate first aid assistance or care prescribed by an individual health support plan and/or isolate any person with an infectious disease.
2. Call 000 and advise emergency services of the closest vehicle entry point.
3. Ensure communication with emergency services is maintained and all relevant information is provided.
4. Send an employee or volunteer to the point where emergency services will enter the location, if it is safe to do so.
5. Collect the attendance list, individual health support plans, parent contact details and this plan.
6. Evacuate all people to the nominated emergency assembly point.
7. Once at the assembly point, check all people are accounted for.
8. Maintain a record of actions and decisions undertaken and timeline of events.
9. Report the emergency/evacuation to the site/service leader by using the agreed form of communication i.e. mobile phone.
10. Site/service leader must:
 - Notify Education Director
 - Report the incident using the department's incident and report management system.
11. Wait for emergency services to arrive or provide further information/instruction.
12. Site/service leader to contact parents.
