

# YEAR 7 CAMPS & ACTIVE EDUCATION

**Support Year 7 Students To Build Confidence And Connection During This Critical Stage In Their School Journey.**

For more than 30 years, Active Education has partnered with schools to deliver meaningful outdoor learning experiences that help students connect, grow and thrive.

Based at Aldinga Beach, and other South Australian locations, our flexible programs can be tailored to suit the goals of each school.

# The Importance Of Year 7 Camps

Year 7 is a significant stage in a student's school journey. As students transition into secondary school, camps and outdoor learning experiences build confidence, strengthen friendships and create a sense of belonging within their new school community.

At Active Education, our Year 7 camps are designed to support student wellbeing, connection and personal growth through shared outdoor experiences. Time away from the classroom allows students and teachers to connect in different ways, strengthening relationships and creating a greater sense of belonging within the school community. Through shared experiences and healthy challenge, students develop confidence, build trust and form positive connections that support their ongoing success at school.

## Key Outcomes Of A Year 7 Camp

Active Education camp packages provide exceptional opportunities for hands-on learning, challenge and fun in the outdoors whilst enabling each student to learn at their own pace.

Our Year 7 camps are designed to create experiences where students can:

- Work collaboratively to solve problems
- Learn through challenge & participation
- Develop trust within their group
- Build confidence through achievement
- Strengthen independence & responsibility
- Reflect on their actions & choices
- Support & encourage their peers
- Participate in outdoor recreation, outdoor education & adventure activities

"I was new to this role and was so impressed by the support and assistance that was provided to me in organising the camp. The food provided was exceptional." Erin | **St Pauls College**
